## 1. On-trip List (what the participant needs while on the actual expedition):

Item	Quantity	Helpful information
Water shoes	1 pair	Neoprene booties, sandals, amphibious shoes or water shoes. We recommend a pair of neoprene socks be worn if wearing sandals or amphibious shoes to prevent foot chafing.
Neoprene socks (optional)	1 pair	
Paddling Jacket (Optional)	1	A paddling jacket with rubber-sealed wrists
Paddling Gloves	1 pair	Neoprene paddling gloves
Sleeping bag	1	Down or synthetic sleeping bags are both good options. The packed volume should not exceed 6L and weigh not more than 4 lbs. The bag must be rated to at least -5 C, the ideal range is -5 C to -12 C.
Sleeping bag compression sack	1	We highly recommend storing your sleeping bag in a fully waterproof, seam sealed compression sack.

Sleeping pad stuff sack	1	All inflatable sleeping pads must be stored in stuff sacks and cannot be loose. This makes them easier to pack and protects them from being punctured.

Water bottle	1 or 2	A 1L hard water bottle such as a Nalgene is essential.

### A note on cotton

Cotton is not ideal for any backcountry environment. When cotton absorbs moisture, it gets heavy and no longer insulates, instead it actually draws heat away from the body. Other fibers such as wool and synthetics don't get as heavy and still have some insulating ability when wet. We don't have the ability to dry clothing in the backcountry. It can become a safety hazard.

**No cotton or garments containing a percentage of cotton is allowed on this trip.**

### 6. Where to shop

We recommend Valhalla Pure Downtown. If you can't find what you are looking for there, we suggest Robinson's Outdoor Store. MEC can be a good value option but be wary, their return policy and quality isn't what it used to be. They were recently sold to a private American company and have changed how they do things.

Do not buy gear from Amazon unless you have checked with WEA about the particular items in question.

We recommend buying gear from the following stores as they make great gear and provide discounts:

1. [Grove Outdoors](#) in downtown Victoria offers great used gear for sale on consignment. I would check here first!
2. [Robinson's Outdoor Store](#) in downtown Victoria. Families who bring in their WEA receipt to Robinson's will receive **10% off** their purchases.
3. [All Out Kids Online](#). All Out Kids is an online store based in Alberta. It only sells outdoor adventure clothing for kids, we highly recommend ordering from them. WEA families can save 10% at All Out Kids by using the **discount code: "western10"**.
4. [Valhalla Pure](#) used to do this for us as well and likely still will. We just haven't heard from them in a while.
5. [Mountain Warehouse](#) would like to show our support by offering a **10% discount to be used online only. Use this code at the promo code box by the checkout:**

"CUST10".

6. [Best Coast Outfitters](#) in downtown Victoria. They primarily sell paddling and watersports equipment. Use the **discount code: "WEA5PERCENT"** for **5% off** of anything but boats and paddleboards.
7. [TK Clothing](#) is a local merino wool brand made in North Saanich! Get **10% off** with discount code: "WEA\_GOEXPLORE"

We recommend these 3 stores because we trust they will sell your child the right gear where other stores may not. It's also always good to buy local! Please note, this deal is only for your kids attending programs and no one else. **Please do not disclose this deal to anyone else.**
